**Almost Blind**

Scrofula Affects the Eyes—Little  
Boy Treated by an Oculist With-  
out Relief—But Now He is Well.

"When my little boy was three months  
old his eyes became very sore and he was  
almost blind. I took him to an oculist  
who treated him for six months, and left  
him as bad as he was at the beginning.  
Finally Hood's Sarsaparilla was recom-  
mended and I began giving it to him.  
In less than three weeks he was able  
to go into the sun without covering  
his eyes, and today his eyes are perfectly  
well, and his ears and nose, which were  
badly affected, are also well. Hood's  
Sarsaparilla has certainly done wonders  
for my boy." MRS. JAMES H. PAINTER,

**COAST DEFENSE TORPEDO**

Washington, April 15.—The  
War Department has practically  
completed arrangements with the  
famous Swedish engineer, Nor-  
denfeldt, whereby the coast de-  
fense torpedo controlled by him  
and known by his name will be-  
come the exclusive property of the  
United States. Negotiations are  
now, it is said, under way looking  
to the manufacture of the Norden-  
feldt torpedo at the E. W. Bliss  
Works, Brooklyn.

Mr. Nordenfeldt as a torpedo  
and gun inventor is to Europe  
what Edison is to electricity in  
the United States. He is now in  
the United States on a visit for  
the first time. Less than a fort-  
night ago he hurriedly left Eng-  
land to meet by request officials  
of the United States. The War  
Department, it is stated, is anxi-  
ous to defend at once the harbors  
of Porto Rico, Honolulu and  
Guam. In the event of a sudden  
emergency the Asiatic fleet can  
be depended upon to take care of  
the Philippines, but it is recog-  
nized that considerable time must  
necessarily elapse before suitable  
artillery can be prepared, shipped  
and mounted at the new ports.

In the northwest, particularly  
in Puget Sound, the deep waters  
and the strong tides render it dif-  
ficult to use the ordinary mine  
torpedo, which is anchored to the  
bottom. For these reasons the  
War Department has deemed it  
expedient to resort to the best  
known type of torpedo which  
could be maneuvered from the  
beach, and the contract was at  
once given for the Nordenfeldt.  
Secrecy surrounds the features of  
this weapon, but the principal  
peculiarity is that it is automo-  
bile, the motive power being self-  
contained electricity. There is an  
engine which is run by electricity.  
In the case of the Whitehead the  
little engine which is carried in  
the torpedo is run by compressed  
air.

Mechanism Controlling Torpedo.  
The Nordenfeldt differs from the  
Whitehead, in being always un-  
der control. This control is ef-  
fected by means of wires which  
reel off as the torpedo dashes  
ahead.

The new Nordenfeldt runs un-  
der the water submerged to a  
depth of six feet. It is cigar  
shaped, with a length of 35 feet;  
maximum diameter, 29 inches;  
total weight, charged for action,  
6,200 pounds; explosive charge,  
300 pounds, which can be in-  
creased to 500 pounds. Inside  
the torpedo are the motive power,  
propelling and steering apparatus  
and cable.

The motive power is supplied  
by 120 storage cells, which de-  
velop sixteen-horse power, giving  
a speed of fourteen and a half  
knots per hour. The steering of  
the torpedo is effected by a rudder  
manipulated from the shore  
through a three-cornered cable  
4,000 yards long. Not only can  
the torpedo be turned to the right  
or left as it speeds along, but it  
can be stopped, reversed and run  
back to the starting point at full  
speed. Actual runs of two miles  
in length have been made with  
the Nordenfeldt torpedo at the  
speed of fourteen knots per hour.  
It is learned that Mr. Norden-  
feldt has undertaken to provide  
the United States with a torpedo  
that will have a speed of sixteen  
knots per hour.

American Diplomat.

Washington, April 18.—The fol-  
lowing important diplomatic  
changes have been announced as  
the result of the Cabinet meeting  
today: W. W. Rockhill, now Min-  
ister to Greece, has resigned that  
post. Arthur Sherburne Hardy  
of New Hampshire, now Minister  
to Persia, has been promoted to  
succeed Mr. Rockhill. William P.  
Lord, ex-Governor of Oregon, has  
been appointed Minister to Persia.  
John M. Irwin of Iowa, formerly  
Governor of Idaho, has been ap-  
pointed Minister to Portugal to  
succeed Lawrence Townsend,  
transferred to Belgium in place of  
Bellamy Storer, who goes to Mad-  
rid.

some form of humor, and this  
causes a variety of disease. The  
reason why Hood's Sarsaparilla

pels the humor. Scrofula, salt

permanently cured by this great
